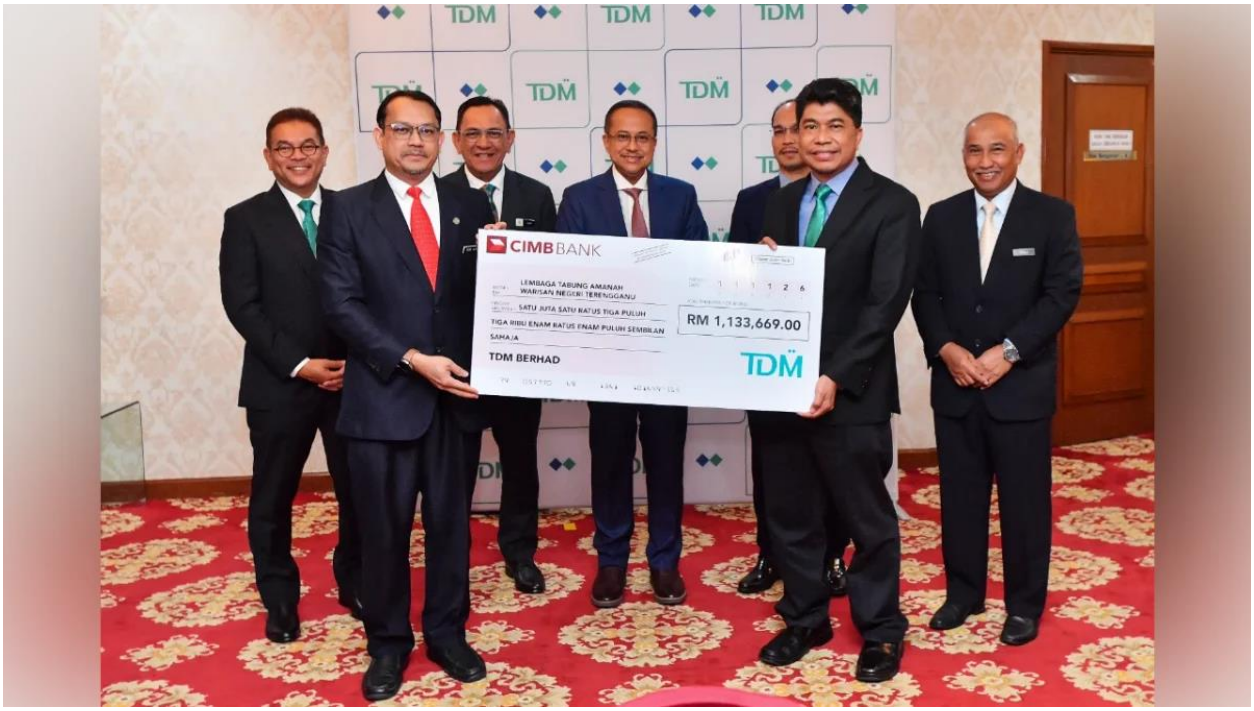
TDM Pays RM1.13m To Terengganu Heritage Trust From Plantation Venture



TDM Group CEO Najman Kamaruddin (second from left) presents a mock cheque to LTAWNT secretary Nor Azam A. Rahman, witnessed by Terengganu Menteri Besar Datuk Seri Ir Dr Ahmad Samsuri Mokhtar (centre), Terengganu State Secretary Mohd Azmi Mohamad Daham (second from right), TDM chairman Datuk Seri Tengku Farok Hussin Tengku Abdul Jalil (far left), State Legal Adviser Mohd Nawawi Ismail (far right) and State Financial Officer Rosli Latif (right).

PETALING JAYA: TDM Bhd has paid RM1.13 million to Lembaga Tabung Amanah Warisan Negeri Terengganu (LTAWNT) through a profit-sharing arrangement arising from their long-running oil palm plantation joint venture in Kemaman.

The payment of RM1,133,669 is for the financial year ended Dec 31, 2025, and reflects returns generated from the joint venture at Air Puteh Estate, Mukim Tebak, which has been operating since 1996.

The project involves the management of 1,336 hectares of land owned by LTAWNT and is managed by TDM Plantation Sdn Bhd, the plantation arm of TDM.

The mock cheque was presented by TDM group CEO Najman Kamaruddin to LTAWNT secretary Nor Azam A. Rahman at a ceremony held at Wisma Darul Iman, witnessed by Terengganu Menteri Besar Datuk Seri Dr Ahmad Samsuri Mokhtar.

Najman said the collaboration demonstrated the importance of strategic partnerships between the corporate sector and the state government in maximising the potential of the state's assets and economic resources.

"Through efficient plantation management guided by sustainable practices, this joint venture not only generates financial returns for both parties but also contributes to local economic activities, employment opportunities and community well-being," he said in a statement today.

TDM said the partnership remained a testament to the long-term value that sustained collaborations could generate within the plantation sector.

It added that the profit-sharing arrangement supported more productive land utilisation, improved agricultural productivity and strengthened Terengganu's position in the palm oil industry value chain.

The group said sustainable plantation practices and continuous improvements in operational efficiency would remain priorities in ensuring responsible and resilient business growth.

TDM, which was incorporated in 1965 and listed on Bursa Malaysia, has core businesses in oil palm plantation and healthcare services. Its plantation operations include 13 oil palm estates and two palm oil mills in Terengganu.
