## **KMI Kuantan Receives SOHELP DOSH Award**

**Kuantan, August 2023** – KMI Kuantan Medical Centre (“KMI Kuantan”) was awarded First place for the SOHELP (Systematic Occupational Health Enhancement Level Programme) DIY Workplace (Category 3). The awarding ceremony took place at the National SOHELP DIY Convention located at IDCC, Shah Alam, Selangor.

This prestigious award was presented by YB Ts. Mustapha Sakmud, Deputy Minister of Human Resources and Chairman of the National Council for Occupational Safety & Health. KMI Kuantan's Occupational Safety and Health Officer, Mr. Mohd Nashriq Ismail who is also an Enabler for SOHELP DIY was invited to give a presentation and represent KMI Kuantan to receive the award.

SOHELP was introduced by the Department of Occupational Safety and Health (DOSH) in an effort to improve the level of industrial hygiene management in the workplace, especially in the aspects of noise exposure control, chemical management and ergonomics. KMI Kuantan has taken improvement measures in managing the load to avoid ergonomic problems for employees.

Areas of excessive noise are identified and control measures are taken to ensure that workers are not exposed. Another winning factor, is by avoiding the exposure of chemical substances to workers by taking into account engineering controls to ensure the safety and health of workers in the hospital.

KMI Kuantan is one of five hospitals under the network of Kumpulan Medic Iman Sdn Bhd (“KMI Healthcare”) the healthcare division of TDM Berhad. Since its inception in 1996, KMI Kuantan has grown rapidly into a community-friendly specialist hospital that offers high quality treatment and healthcare services with a capacity of 176 beds and is now complete with MSQH accreditation. The amount will be increased through the construction of a new wing that will be accommodating 80 additional beds and other more modern and sophisticated facilities.
