### **KMI Healthcare launch Orthopaedic services at Tawau**

**Tawau, 11 May 2024** – KMI Tawau Medical Centre ("KMI Tawau"), one of the hospital within the Kumpulan Medic Iman ("KMI Healthcare") hospital network, proudly announces the official commencement of its Orthopaedic services, today.

The inauguration ceremony was officiated by Tuan Haji Anuar Bin Ali, Director of KMI Tawau. This launch represents KMI Tawau Hospital's development, particularly in quality treatment, to achieve the company's slogan, "Leading Healthy Life."

Among the treatments offered by KMI Tawau Orthopaedic Services are minimally invasive procedures, sports surgery, spine surgery, arthroplasty, limb deformity correction, hand, foot, and ankle pathology, wound care and flap coverage, regenerative medicine, trauma and fracture management, and pain intervention management.

To support orthopaedic services at KMI Tawau, a C-arm imaging system has been acquired to assist in more efficient and effective treatment management. This C-arm device provides real-time imaging and reduces radiation exposure to help patients recover faster, and the treatment performed is more accurate.

To ensure the safety of patients and medical staff, this model has a powerful Harmonic Frequency Generator (HFG) and a rotating tube with low-dose X-ray exposure.

Orthopaedic services in KMI Tawau started in July 2023, and the C-arm technology was officially used in December 2023. The hospital revenue increased by 135% in the fourth quarter of 2023 compared to the third quarter of 2023 due to the additional services.

KMI Tawau reaffirms its dedication to enhancing medical discipline services, underscoring its commitment to upholding the esteemed reputation of quality healthcare in Tawau. Mr. Zainulalim Samsudin, General Manager of KMI Tawau, emphasized in his statement, "KMI Tawau remains steadfast in its pursuit of delivering professional services to patients, aligning with the company's overarching mission of ensuring safe and high-quality care for all customers."

In the fourth quarter of 2026, the development of a new block of six floors is expected to be completed at KMI Tawau with the placement of 52 beds equipped with various new facilities and the latest technology.
