

COMMUNITY BONDS AND ESG COMMITMENT

Jan 20, 2025 | CSR Stories | 0 comments

TDM Berhad ("TDM" or "Group"), a leading entity in Terengganu's plantation and healthcare sectors, has deepened its community engagement through its ongoing "TDM Bersama Masyarakat" Corporate Social Responsibility (CSR) programme. This initiative reflects TDM's commitment to making a lasting, positive impact on *asnaf* families across Terengganu that eligible for aid through Islamic social welfare programmes and aligns strongly with multiple United Nations Sustainable Development Goals (UNSDGs), reinforcing TDM's Environmental, Social and Governance (ESG) principles.

The programme contributes directly to **Goal 1: No Poverty** by reaching *asnaf* families across Terengganu with financial resources and necessities, TDM actively addresses poverty alleviation. The programme redistributes a portion of the company's profits to support vulnerable families, ensuring economic benefits are shared widely and fostering an inclusive society. "TDM Bersama Masyarakat" also reflects the Group's commitment to **Goal 10: Reduced Inequalities** by bridging economic disparities and empowering underprivileged families. By engaging directly with communities, TDM fosters inclusivity, helping families feel more connected and supported.

The programme exemplifies TDM's dedication to responsible, people-centered business practices. Through initiatives that improve environmental health and strengthen social bonds, TDM ensures its operations benefit all stakeholders, reinforcing the company's role as a conscientious corporate citizen.

This programme reflects a proactive approach to CSR, aligning seamlessly with TDM's ESG-focused mission. By prioritising Environmental, Social and Governance (ESG) standards, TDM sets a high bar for responsible business practices in the region. The programme not only enhances the company's reputation but also paves the way for future initiatives that promote long-term sustainability and community enrichment.

As TDM progresses on its journey toward deeper ESG integration, "TDM Bersama Masyarakat" stands as an enduring example of how corporations can operate responsibly, sustainably and compassionately. For TDM, profit is not merely a financial milestone but an opportunity to create value for the community. This programme takes that philosophy further by redistributing a portion of the company's profits to those in need across Terengganu, fostering a stronger sense of unity between the corporation and local communities. This approach is at the core of TDM's ESG-driven commitment to promoting a balanced and inclusive society where economic benefits are shared widely.

By reaching out to communities in each legislative constituency (DUN) in Terengganu, particularly among *asnaf* families, TDM fosters meaningful connections, going beyond its business operations to engage in genuine connections with families in a heartfelt way. This approach allows TDM to act as a bridge between economic growth and community well-being, fostering mutual growth for both the company and the community.

The "TDM Bersama Masyarakat" programme is tailored to reach families in need, especially *asnaf* communities and to provide them with financial resources and necessities. This strengthens TDM's ties with local communities while also supporting its environmental goals to minimise the ecological footprint of its operations, ensuring that the economic activities are aligned with environmental preservation.

"TDM Bersama Masyarakat" has successfully expanded TDM's presence across all districts in Terengganu, raising awareness of the company's efforts to foster sustainable growth and shared prosperity. With TDM's help, *asnaf* families not only receive much-needed resources, they also effectively feel a stronger sense of inclusion within their communities. This initiative powerfully demonstrates TDM's holistic approach to business: that each success TDM achieves is an opportunity to give back and strengthen the social fabric of Terengganu.

Moving forward, TDM remains committed to evolving its CSR programmes to reach more individuals and communities in need. The company envisions a Terengganu where every family, regardless of economic background, can feel the positive impact of TDM's presence. With each contribution, TDM underscores its dedication to people, planet and profit, setting a standard for how businesses and social responsibility can go hand in hand for the betterment of all.
